Subject: FEL-L: WildLife on Easy Street News

WildLife on Easy Street just launched an all new web site! <A

HREF="http://wildlifeeasyst.com/">WildLife On Easy Street</A>
now has

all 148 of their cats listed by specie and a biography on each animal along with information about the cats in the wild. The new site is full of fabulous photos, events, celebrities, a gift shop, and information on volunteering, adoptions, memberships and articles that were recently in the news about WildLife on Easy Street.

Wildlife on Easy Street has an arrangement with Excel for long distance services that will save you money and also benefit us. If you are interested, go to our site and check out the page marked "Save Money". Thanks for your support!

For the Cats

Carole Lewis
