

# Civil Reptile Rights Activist March

DECEMBER 2009

VOLUME 1 ISSUE 1

## WHAT WE NEED FROM YOU

### WE NEED YOUR PARTICIPATION!

Without it our fight is futile. Send emails to your State Representatives, call them, and make an appointment to see them to express your views.

Next please sign up for the March at [www.crram.org](http://www.crram.org) and be beside us in DC or in your State Capitol March 8<sup>th</sup> to Protest what the Government is trying to do to our hobby and industry. Exercise your right as a voter and a member of this Nation and let your voice ring so that the lawmakers on Capitol Hill hear your voice. Sign up today!

Andrew Wyatt of USARK feels this effort is Great! However, the numbers need to be there.

NOTE: We do not know the exact date S373 will hit the floor to be considered into Law, Date of the March is subject to be pushed up sooner should this Bill hit Senate before 8 March 2010 so we need your registration NOW!.

*Did you know that the Government is trying to take your RIGHT to own and sell your reptiles?*

*Did you know that the information they are using to help sway others is both unscientific and prejudiced?*

*S.373, the bill to place 9 species of large constrictor snakes, needs to be STOPPED!*

## Civil Reptile Rights Activist March

The Civil Reptile Rights Activist March is dedicated to protect your right to maintain your hobby and sell your reptiles across state lines. Bills like HR2811 and S.373 are threatening that right. USARK is doing a great job campaigning for the end to these bills with your help in a vast email and phone call campaign. As that helps we feel that these lawmakers in Washington DC need to SEE the people that would be affected should this bill pass.

It is time for the Reptile Nation to GET UP and PROTECT those RIGHTS. The Civil Reptile Rights Activist March needs YOU. Without the numbers our efforts will be in vain, we need your participation to March on Washington DC and let them see and hear the roar of the reptile nation!

PLEASE VISIT [WWW.CRRAM.ORG](http://WWW.CRRAM.ORG) FOR MORE INFORMATION
