ASUS Animals Continue to Need Your Help!
Please help us to help those who cannot help themselves!

ACE, PRINCESS AND SHADOW ARE AMONG THE MANY ANIMALS AT THE SANCTUARY THAT WILL NEED ONGOING MEDICAL ATTENTION AND QUALITY LIFETIME CARE.

Princess

Was rescued from a private owner in Florida. When she arrived she had extremely deformed front feet and was diagnosed as having severe arthritis and joint disease. Apart from the fact she had difficulty walking, she was showing no signs of severe pain. She now receives medication. Our veterinarian has indicated she may need ongoing medical attention.

Princess may be slow in getting around, but she shows a great determination to enjoy her life to its fullest. She will eventually be joined by another tiger with problems similar to hers.

Shadow

Was found on the side of the road. She had recently had puppies but they were nowhere to be found.

It is likely Shadow was abandoned. Because she is unable to nurse her puppies she is developing mastitis. Shadow is currently undergoing medical care.

Ace

This little miniature horse was given up by its owner because they could no longer afford veterinarian care.

Prior to his arrival, Ace had surgery on his hips at Texas A&M. His hoofs are extremely long and need ongoing attention. Our veterinarian has indicated that he may need more surgery in the future. He is a wonderful little guy and deserves the best. He needs a nice little mini barn area and lots of TLC.

THIS SANCTUARY HOUSES AND CARES FOR HUNDREDS OF ANIMALS AND OPERATES TWO SEPARATE FACILITIES

We realize that you get inundated with requests. Forgive us, we only ask on behalf of those who can't!

THE SANCTUARY NEEDS YOUR SUPPORT SO THAT WE CAN CONTINUE TO ASSIST ALL OF THE ANIMALS, INCLUDING ACE, SHADOW & PRINCESS AND OTHER ANIMALS THAT MAY NEED OUR HELP.

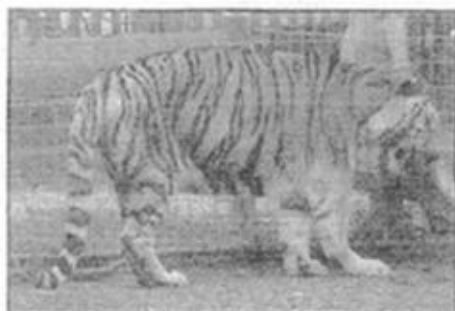

ASUS Animals Continue to Need Your Help

BUBBA UPDATE: As you can see Bubba is doing extremely well. We are truly grateful to all of you who sent in donations to help us offset the cost of his care. Because of your kindness we raised enough funds to build him an enclosure and to cover his current medical care. We will continue to keep you updated on his progress and we hope that you will come and visit him if you can. For visiting hours and information please call: 210-688-9038

BUBBA appreciates your kindness.

We thank you on behalf of all of the animals at the sanctuary.

Ace needs a nice little barn area, Princess will need additional and ongoing medical attention.

Shadow will ultimately need a GOOD home.

These little ones are just a few of the many animals that need your help.

Each year the sanctuary rescues animals in need. The sanctuary currently cares for hundreds of animals and operates two separate facilities.

As the number of animals cared for at the sanctuary grows, so does the need for additional funding. Funds are needed to give them medical care, nutritional diets, quality housing and the additional staff that keep them clean, happy and healthy on a daily basis.

ASUS/WAO is extremely resourceful:

This organization does not use a direct mail company. The majority of its fundraising is done in-house with costs being kept at a minimum.

Additionally:

T-shirts, newsletters and educational materials are produced at the sanctuary.

All enclosures are built by the sanctuaries on-site construction crew.

PLEASE HELP US CONTINUE HELPING ANIMALS IN NEED. THE SANCTUARY NEEDS YOUR SUPPORT IN ORDER TO OFFER QUALITY CARE AND HOUSING TO ITS MANY WARDS!

PLEASE SEND YOUR TAX-DEDUCTIBLE CONTRIBUTION TODAY.
