

EMERGENCY APPEAL UPDATE

BUBBA THE WHITE TIGER COULD BARELY WALK WHEN HE ARRIVED!

PLEASE CONTINUE TO HELP US HELP HIM...

Bubba was one of 19 big cats rescued from a facility in Florida. Six Cougars, 8 Servals, and 4 Tigers were displaced when the owner died.

Bubba was extremely underweight and could barely walk when he arrived a few months ago. At 5 years old, Bubba suffers from severe problems with his hips.

Although you may have already received a previous appeal on Bubba's behalf asking for donations to help us cover the cost of his medical care and to help us with his permanent enclosure costs. He still needs your help.

UPDATE:

After weeks of intensive care, Bubba finally regained his strength enough to allow us to sedate him and take him to the veterinarian for X-rays and a thorough physical check up. Unfortunately, the X-rays showed a degenerative bone disorder, which meant that it would be impossible to rectify his problem with surgery. Dr. Loretta Ehrlund, from Heritage Animal Hospital, spent hours watching him to make sure that he was not in any pain or suffering.

Bubba has recently been moved into a temporary soil-based enclosure. He will soon be joined by a 3-legged tiger called Marjan. Our ultimate goal for these two precious animals is to build them a specially designed, large natural area, in which they can live out their days in comfort. They will need low shelter areas and a specially designed pool.

They will both need ongoing medical care and special attention. This is why your contribution is so important to Bubba and Marjan. Please help us with these additional expenses.

THANK YOU!

ASUS meets all BBB Wise Giving Charitable Standards

ASUS is a 501 (C) 3 non-profit permanent sanctuary for the care of approximately 800 unwanted animals. Animals such as: Lions, Tigers, Cougars, Leopards, Jaguars, Bobcats, Lynx, Bears, Wolves, Caracal, Primates, Chimpanzees, Parrots, Macaws, Parakeets, Ducks, Chickens, Peafowl, Horses, Donkeys, Cows, Llamas, Goats, Rabbits, Dogs, Domestic Cats, Feral Cats and Dogs, call the 112-acre sanctuary home.

This year the sanctuary rescued over **400** animals, bringing our numbers to approximately **800** animals.

As the number of animals cared for at the sanctuary grows, so does the need for additional funding. Funds are needed to give them medical care, nutritional diets, quality housing and the additional staff that keep them clean, happy and healthy on a daily basis.

WAO is one of the most resourceful facilities in the United States. WAO does not use a direct mail company. All fundraising is done in-house with costs being kept at a minimum. Additional, T-shirts, newsletters and educational materials are produced at the sanctuary by volunteers.

All enclosures are constructed by the sanctuary's on-site construction crew.
