Hercules:

tigreules, a male Snow Leopard, was bought by Don Lewis from McCarthy's Wildlife in Palm Bay as a gift for Carole Lewis. He first eams to WildLife On Casy Street when he was only 25 days old. Hereules will be one year old June 2, 1997. Climbing has got to be his most favorite pastime right next to leaping that is. Hereules will climb to the very top of his ten foot eage and do his best impression of a flying squirrel as he leaps down. Hereules is the only Snow Leopard we have, but he won't be alone for long. He is going to get two girlfriends, both his same age, in April. We have plans to build a brand new eage for the snow leopards, once we have the funds. The eage is to be a huge triplex with artificial glaciers and air-conditioning. Estimated cost is \$7,500.00! (If you would like to help pay for the Snow Leopard eage and get your name on a plaque attached to the cat-a-tat please see page 10 for membership information.)
